

Supporting the development of a strong, creative and resilient community in Marleigh

locality
the power of community

Overview

- Locality role is to:
 - Help to link new residents to existing services and community provision
 - Help address any gaps in the above
 - Activate and connect residents to help in the community-building process
 - Connect key partners (from developers, Council representatives and service providers) to ensure that the new community is best served
 - Provide an evidence base and measurement framework for showing progress towards a new community being built
 - Build self-sustaining legacy for the work

Service Directory

Welcome to Marleigh, CB5

Marleigh is situated within the Parish of Fen Ditton, on the border of South Cambridge District Council and Cambridge City Council. It has been designed to be a strong, creative and resilient community with excellent connectivity to Cambridge and the local area.

This guide has been compiled by Locality to introduce you to some of the services and facilities we think you'll find useful as a new resident. We've done our best to provide you with information that will help you to feel at home, but please be aware that the guide is not exhaustive.

Help us keep this directory up to date

Once you have settled in we would love to hear about other services that are not listed here that your neighbours may like to know about.

You can help us keep this resource up to date by contacting us at marleigh@locality.org.uk

You can also find us on www.facebook.com/groups/marleighcommunity/

Context for the work

- Occupancy to end of June: 230 houses and 54 shared ownership flats
- The approach to the work is informed by and supports the Council's *Think Communities Strategy*
- Research into new developments suggest some common issues for residents (particularly around health, family, social and educational services).
- Community development work, can help facilitate resilient empowered communities which can mitigate against the challenges of living in a new development.

Community Chest and emerging groups

- Small seed-corn funding for groups to start
- 12 volunteers interested in starting community activities e.g. badminton, toddler group, celebration of nationalities
- Potluck meeting 2nd July
- Sense of Place theme with school
