

# **Sustainability Appraisal of the Cambridge Local Plan 2014**

## **Volume 2: History of Site Allocations**

**March 2014**

# Volume 2 of the Sustainability Appraisal

## 1. Introduction

1.1 In order to support the examination into the soundness of the Cambridge Local Plan 2014, this document has been produced as Volume 2 of the Sustainability Appraisal. It provides a summary of the history of each site that was considered for allocation and consulted upon over the three stages of consultation, either as a proposed allocation or as a rejected allocation. The purpose of the document is to clearly set out how sites have come to be allocated for development.

1.2 The main documents referred to in this Volume 2 of the Sustainability Appraisal are set out below, along with a short summary about each document. Each document outlined below has been agreed as part of the local plan process.

a. Cambridge Local Plan 2006

The Cambridge Local Plan 2006 sets out the current plan for development in Cambridge. The Cambridge East Area Action Plan (February 2008) and the North West Cambridge Area Action Plan (October 2009) are key documents within the Development Plan for two areas of the city. Both area action plans were jointly produced and adopted by Cambridge City Council and South Cambridgeshire District Council. Some sites within this document fall within the area covered by the Cambridge East Area Action Plan. Where relevant, this is noted.

b. Strategic Housing Land Availability Assessment (SHLAA), 2012

The council produced a SHLAA in 2012 in order to assess the suitability, availability and achievability of sites for development for housing in Cambridge. The SHLAA was subject to public consultation from 30 September to 11 November 2011 and was adopted as part of the evidence base for developing a new plan for Cambridge at the council's Development Plan Scrutiny Sub-Committee in May 2012. Section 5 of the SHLAA 2012 outlines the methodology, including assessment criteria. The methodology and assessment criteria were consulted on in February and July 2009.

c. Cambridge Local Plan Towards 2031 Issues and Options Report, June 2012

In Summer 2012, the council consulted on the Issues and Options Report for the new Cambridge Local Plan. As this was the first stage of consultation on the new plan, the document set out a broad range of issues facing Cambridge and options for dealing with these issues. In general, this document did not look at individual

sites. However, as part of the development strategy, it considered ten broad locations for development in the Cambridge Green Belt and the options for the on-going development of a number of key sites were discussed, e.g. Addenbrooke's Hospital.

d. Strategic Housing Land Availability Assessment (SHLAA), 2013

In 2013, an updated version of the SHLAA was produced to take into account changes to sites that had occurred over the last year. This work informed the development of the new local plan at both the Issues and Options 2 and Proposed Submission stages. The SHLAA 2013 was endorsed as part of the evidence base for developing a new plan for Cambridge at the council's Development Plan Scrutiny Sub-Committee in May 2013.

e. Issues and Options 2 Technical Document Part 1, January 2013

This document was prepared by Cambridge City Council and South Cambridgeshire District Council for the edge of city sites as part of the Issues and Options 2: Part 1 joint consultation on Development Strategy and Site Options on the Edge of Cambridge.

f. Issues and Options 2 Technical Document Part 2, January 2013

This document set out the methodology for the assessment of the potential sites within the urban area of Cambridge to be allocated in the new local plan. It also contains the full assessments of all 34 sites within the Cambridge administrative boundary suitable for allocation for residential, mixed use, employment, university/college or residential mooring development.

g. Major Facilities Sub Regional Facilities in the Cambridge Area Review of Evidence and Site Options, January 2013

The purpose of this paper was to consider the evidence available regarding the need for major sub-regional facilities in the Cambridge area, and explore whether any site options warranted consultation in the second Issues and Options consultations for the Cambridge and South Cambridgeshire local plans.

h. Issues and Options 2 consultation documents January 2013;

Issues and Options 2 consultation was split into two parts. The first part was developed and consulted upon jointly with South Cambridgeshire District Council. It addressed the development strategy and site options in the Green Belt on the edge of Cambridge. The second part dealt with site options and policy designations within the urban area of Cambridge. The two documents were:

- i. Issues and Options 2 Part 1 – Joint Consultation on Development Strategy and Site Options on the Edge of Cambridge, January 2013;
  - ii. Issues and Options 2 Part 2 Part 2 – Site Options within Cambridge, January 2013.
- i. Technical Background Document Part 2 Supplement, May 2013  
The Technical Background Document Part 2 Supplement (May 2013) is a supplement to the Issues and Options 2 Technical Document Part 2. It is part of the audit trail setting out the origin and evaluation of sites brought forward for allocation in the Cambridge Local Plan 2014: Proposed Submission. This supplement provides a full technical assessment of any additional sites or sites on where there have been significant changes since Issues and Options 2 consultation. This supplement also considers the viability of sites consulted on in Issues and Option 2 Part 2.
- j. SHLAA and Potential Site Allocations High Level Viability Assessment 2013  
As required by the National Planning Policy Framework, this viability assessment was undertaken in relation to sites within the council’s SHLAA 2013. This includes assessment of the viability of a number of sites within the Cambridge Green Belt.

### **Using this document**

- 1.3 This document is intended to be used as a quick reference guide to understanding how sites have come to be allocated or not. This document sets out when each site was considered at a particular point in the production of the local plan. As such, it includes the different reference numbers for sites at different stages.
- 1.4 This document is split into the following sections:
- Section 2: Sites proposed for allocation in the Cambridge Local Plan 2014;
  - Section 3: Sites not proposed for allocation in the Cambridge Local Plan 2014; and
  - Section 4: Sites not proposed for allocation as a community stadium site in the Cambridge Local Plan 2014 or the South Cambridgeshire Local Plan.

## **Sustainability Appraisal**

- 1.5 The assessment of sites for inclusion has, from the outset, included the consideration of a number of sustainability criteria in order to allow an integrated approach to the Sustainability Appraisal of sites. Further detail on this approach can be found in Section 4.4 of Volume 1 of the Sustainability Appraisal.

## **SECTION 2: SITES PROPOSED FOR ALLOCATION IN THE CAMBRIDGE LOCAL PLAN 2014**

**Site: Land north of Worts' Causeway: GB1**

| <b>Document / Stage</b>                       | <b>Information</b>                                                                                                                                                                                                                                                                       |
|-----------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                     | This site was not allocated in the Local Plan 2006. This site lies within the Cambridge Green Belt.                                                                                                                                                                                      |
| SHLAA 2012                                    | This site was not assessed in the SHLAA 2012 as sites within the Cambridge Green Belt were not considered at that time.                                                                                                                                                                  |
| Issues and Options Consultation – Summer 2012 | The approach taken in Issues and Options consultation was to consider broad locations for development. This site was part of Broad Location 7 (Option 16).                                                                                                                               |
| SHLAA 2013                                    | The 2013 update of the SHLAA included an assessment of this site (site number 930). The SHLAA 2013 assessed sites within the Cambridge Green Belt, following the consideration of Broad Locations within the Green Belt as a part of the Issues and Options consultation in Summer 2012. |
| Technical Document Part 1                     | To inform the Issues and Options 2: Part 1 consultation on sites, the Issues and Options 2 Technical Document Part 1 assessed this site for residential use (site number GB1 and CC930).                                                                                                 |
| Issues & Options 2 Consultation - Winter 2013 | The Issues and Options 2 consultation in Winter 2013 consulted on this site for residential use (site number GB1).                                                                                                                                                                       |
| Cambridge Local Plan 2014 - submission        | This site is allocated for residential development in the submission plan.                                                                                                                                                                                                               |

**Site: Land south of Worts' Causeway: GB2**

| <b>Document / Stage</b>                       | <b>Information</b>                                                                                                                                                                                                                                                                       |
|-----------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                     | This site was not allocated in the Local Plan 2006. This site lies within the Cambridge Green Belt.                                                                                                                                                                                      |
| SHLAA 2012                                    | This site was not assessed in the SHLAA 2012 as sites within the Cambridge Green Belt were not considered at that time.                                                                                                                                                                  |
| Issues and Options Consultation – Summer 2012 | The approach taken in Issues and Options consultation was to consider broad locations for development. This site was part of Broad Location 7 (Option 16).                                                                                                                               |
| SHLAA 2013                                    | The 2013 update of the SHLAA included an assessment of this site (site number 929). The SHLAA 2013 assessed sites within the Cambridge Green Belt, following the consideration of Broad Locations within the Green Belt as a part of the Issues and Options consultation in Summer 2012. |
| Technical Document Part 1                     | To inform the Issues and Options 2: Part 1 consultation on sites, the Issues and Options 2 Technical Document Part 1 assessed this site for residential use (site number GB2 and CC929).                                                                                                 |
| Issues & Options 2 Consultation - Winter 2013 | The Issues and Options 2 consultation in Winter 2013 consulted on this site for residential use (site number GB2).                                                                                                                                                                       |
| Cambridge Local Plan 2014 - submission        | This site is allocated for residential development in the submission plan.                                                                                                                                                                                                               |

|-------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                       | This site was allocated in the Local Plan 2006 (site number 5.05).                                                                                                                                                                            |
| SHLAA 2012                                      | This site was assessed in the SHLAA 2012 (site number 5.05).                                                                                                                                                                                  |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon.                                                                                              |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of this site (site number 5.05).                                                                                                                                                          |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 assessed this site for residential use (site number R3). Site R3 was formerly known as Site 5.05.                                |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 consulted on this site for residential use (site number R3).                                                                                                                             |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that since Issues and Options 2 the potential residential capacity has been reduced to reflect a pending planning permission (site number R3). |
| Cambridge Local Plan 2014 - submission          | This site is allocated for residential development in the submission plan.                                                                                                                                                                    |

**Site: Henry Giles House, 73-79 Chesterton Road: R4**

| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon.                                                               |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of this site (site number 5.15).                                                                                                                           |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 assessed this site for residential use (site number R4). Site R4 was formerly known as Site 5.15. |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 consulted on this site for residential use (site number R4).                                                                                              |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that there were no changes to this site since Issues and Options 2 (site number R4).                            |
| Cambridge Local Plan 2014 - submission          | This site is allocated for residential development in the submission plan.                                                                                                                                     |

**Site: Camfields Resource Centre and Oil Depot, 137-139 Ditton Walk: R5**

| <b>Document / Stage</b>                         | <b>Information</b>                                                                                                                                                                                                                                                                                                               |
|-------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                       | This site was not allocated in the Local Plan 2006.                                                                                                                                                                                                                                                                              |
| SHLAA 2012                                      | A smaller version of this site was assessed in the SHLAA 2012 (site number 906).                                                                                                                                                                                                                                                 |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon.                                                                                                                                                                                 |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of this site (site number 906). The site boundary changed between the SHLAA 2012 and the SHLAA 2013 as a result of the adjoining landowner requesting that their site be assessed for the purposes of development. Site 906 therefore was expanded to include the oil depot. |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 assessed this site for residential use (site number R5). Site R5 was formerly known as Site 906.                                                                                                                    |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 consulted on this site for residential use (site number R5).                                                                                                                                                                                                                |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that there were no changes to this site since Issues and Options 2 (site number R5).                                                                                                                                              |
| Cambridge Local Plan 2014 - submission          | This site is allocated for residential development in the submission plan.                                                                                                                                                                                                                                                       |

|-------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                       | This site was not allocated in the Local Plan 2006.                                                                                                                                                                                                                                                                                                            |
| SHLAA 2012                                      | The SHLAA 2012 assessed this site, although it split it into two sites (site numbers 81 and 87).                                                                                                                                                                                                                                                               |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon.                                                                                                                                                                                                               |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of this site, although it remained split into two sites (site numbers 81 and 87). However, it judged site 81 to be a “small site” and unless it was amalgamated with site 87, it would be too small to allocate.                                                                                           |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 assessed part of this site (site number 87 from the SHLAAs 2012 and 2013) for residential use (site number R8) as site 81 had been considered too small for allocation through the 2013 SHLAA process.                                            |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 consulted on part of this site (site number 87 from the SHLAAs 2012 and 2013) for residential use (site number R8).                                                                                                                                                                                       |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that there were changes to this site since Issues and Options 2, i.e. the amalgamation of the two sites. This change precipitated the new assessment of the final site boundary (site number R8). Site R8 has therefore formerly been known as sites 81 and 87. |
| Cambridge Local Plan 2014 - submission          | This site is allocated for residential development in the submission plan.                                                                                                                                                                                                                                                                                     |

| SHLAA 2012                                      | This site was assessed in the SHLAA 2012 (site number 922).                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon.                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of site number 922. However, the site 922 in the SHLAA 2013 did not have the same boundary as the site 922 in the SHLAA 2012. This is for two reasons. Firstly, the site 922 in the SHLAA 2013 excludes the portion of the site which was allocated in the Cambridge Local Plan 2006 as site 5.14. This site was assessed separately in the SHLAA 2013 as site 5.14. Secondly, one of the accesses onto Cromwell Road was removed from the site boundary and the northern boundary of the site was amended to remove a triangle of land to the rear of Winstanley Court. |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 assessed from the SHLAA 2013 for residential use (site number R12). Site R12 was formerly known as Site 922, but differed from Site 922 in the SHLAA 2013. At this stage, the site also included site 5.14 from the Cambridge Local Plan 2006 within its boundary.                                                                                                                                                                                                                                              |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 consulted on site R12 based on site 922 from the SHLAA 2013 plus site 5.14 from the Cambridge Local Plan 2006, for residential use.                                                                                                                                                                                                                                                                                                                                                                                                                                     |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that there were changes to this site since Issues and Options 2. There was a drafting error in the Issues and Options 2 document which assessed the same site as that assessed in the SHLAA 2012. This change precipitated the new assessment of the final site boundary (site number R12).                                                                                                                                                                                                                                   |
| Cambridge Local Plan 2014 - submission          | This site is allocated for residential development in the submission plan.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |

**Site: BT Telephone Exchange and car park, Long Road: R14**

| <b>Document / Stage</b>                         | <b>Information</b>                                                                                                                                                                                                                            |
|-------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                       | Part of this site (the main BT telephone exchange) was allocated in the Local Plan 2006 (site number 5.06).                                                                                                                                   |
| SHLAA 2012                                      | The SHLAA 2012 assessed one part of this site (site number 583), the car park, which was not allocated in the Local Plan 2006. The SHLAA 2012 looked at the remainder of this site (site number 5.06 – the main BT telephone exchange).       |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon.                                                                                              |
| SHLAA 2013                                      | The 2013 update of the SHLAA assessed one part of this site (site number 583), the car park, which was not allocated in the Local Plan 2006 and also assessed the remainder of this site (site number 5.06 – the main BT telephone exchange). |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 assessed the combined sites from the SHLAA for residential use. Site 583 and 5.06 became site number R14.                        |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 consulted on this site for residential use (site number R14).                                                                                                                            |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that there were no changes to this site since Issues and Options 2 (site number R14).                                                          |
| Cambridge Local Plan 2014 - submission          | This site is allocated for residential development in the submission plan.                                                                                                                                                                    |

**Site: Cambridge Professional Development Centre, Foster Road: R16**

| <b>Document / Stage</b>                         | <b>Information</b>                                                                                                                                                                                                                                                                                                                               |
|-------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                       | This site was not allocated in the Local Plan 2006.                                                                                                                                                                                                                                                                                              |
| SHLAA 2012                                      | A larger site was assessed in the SHLAA 2012 (site number 905), which included the playing fields.                                                                                                                                                                                                                                               |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon.                                                                                                                                                                                                 |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of the site (site number 905). This site excludes the majority of the playing fields.                                                                                                                                                                                                        |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 assessed the larger site 905 from the SHLAA 2012 for residential use, which included the playing fields (site number R16).                                                                                                          |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 consulted on a larger site 905 from the SHLAA 2012 for residential use, which included the playing fields (site number R16).                                                                                                                                                                |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that since Issues and Options 2 consultation, the site has been redrawn to exclude the playing fields, the dwelling capacity was reduced to reflect this change. Site number R16 was formerly known as Site 905, but excludes the playing fields. |
| Cambridge Local Plan 2014 - submission          | This site is allocated for residential development in the submission plan.                                                                                                                                                                                                                                                                       |

| SHLAA 2012                                      | This site was assessed in the SHLAA 2012 as site number 919.                                                                                                                                                    |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon.                                                                |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of this site as site number 919.                                                                                                                            |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 assessed this site for residential use (site number R17). Site R17 was formerly known as site 919. |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 consulted on this site for residential use (site number R17).                                                                                              |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that there were no changes to this site since Issues and Options 2 (site number R17).                            |
| Cambridge Local Plan 2014 - submission          | This site is allocated for residential development in the submission plan.                                                                                                                                      |

**Site: Police Station, Parkside: M4**

| <b>Document / Stage</b>                         | <b>Information</b>                                                                                                                                                                                                                |
|-------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                       | This site was part of a larger site allocated in the Local Plan 2006 (site number 5.12 for both the police and fire stations). The fire station part of the site allocation has already been developed.                           |
| SHLAA 2012                                      | A larger site was assessed in the SHLAA 2012 (site number 5.12). The fire station part of the site allocation has already been developed.                                                                                         |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon.                                                                                  |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of a larger site (site number 5.12). The fire station part of the site allocation has already been developed.                                                                 |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 assessed this site (without the fire station) from the SHLAA 2013 for mixed use with a hotel (site number M4).       |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 consulted on the site without the fire station, for mixed use (site number M4).                                                                                              |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that since Issues and Options 2 a wholly residential allocation was more appropriate than a mixed use allocation (site number M4). |
| Cambridge Local Plan 2014 - submission          | This site is allocated for residential development in the submission plan.                                                                                                                                                        |

|-------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                       | This site was part of a larger site allocated in the Cambridge East Area Action Plan (site number CE/3).                                                                                                                                                                                                                                                                                              |
| SHLAA 2012                                      | A larger site was assessed in the SHLAA 2012 (site number 9.01).                                                                                                                                                                                                                                                                                                                                      |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon. The Issues and Options consultation in summer 2012 looked at the principle for how the proposed urban extension at Cambridge East (of which this site formed a part) should be dealt with (Options 34-36). Individual sites were not consulted upon. |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of a larger site (site number 9.01).                                                                                                                                                                                                                                                                                                              |
| Technical Document Part 2                       | The site was not included in the Issues and Options 2 Technical Document Part 2.                                                                                                                                                                                                                                                                                                                      |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 did not assess this site.                                                                                                                                                                                                                                                                                                                        |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that since Issues and Options 2, this was a wholly new site and assessed it for residential use (site number R22).                                                                                                                                                                                     |
| Cambridge Local Plan 2014 - submission          | This site is allocated for residential development in the submission plan as site number R40.                                                                                                                                                                                                                                                                                                         |

**Note:** the site number changed from R22 in the Technical Background Document Part 2 Supplement to R40 in the proposed submission plan to avoid duplicating site numbers elsewhere in these documents.

|-------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                       | This site was allocated in the Local Plan 2006 (site numbers 9.05 and 9.06). Since allocation, the site has been subject to outline planning permission and some reserved matters applications. The site is partially built out and is continuing to come forward in parcels. |
| SHLAA 2012                                      | This site was assessed in the SHLAA 2012 (site numbers 9.05 and 9.06).                                                                                                                                                                                                        |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon. Option 29 in this document assessed the potential for a wider policy option for the Southern Fringe area.                    |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of this site (site numbers 9.05 and 9.06).                                                                                                                                                                                |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 noted that this site was already under construction (site number R35). See Other Sites Considered within the document.                                           |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 noted that this site was already under construction (site number M11 and R35). See Appendix 1: Other Sites Considered.                                                                                                   |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that this site was an existing Local Plan 2006 housing allocation to be carried forward (site number R24a).                                                                    |
| Cambridge Local Plan 2014 - submission          | This site is allocated for residential development in the submission plan as site number R42a. R42a is a continuing allocation as it is a significant site which forms part of the overall development strategy for Cambridge.                                                |

**Note:** the site number changed from M11, R35 and R24a in the Issues and Options 2 Technical Document Part 2 and the Technical Background Document Part 2 Supplement, , to R42a in the proposed submission plan to avoid duplicating site numbers elsewhere in these documents.

**Site: Trumpington Meadows: R42b**

|-------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                       | This site was allocated in the Local Plan 2006 (site number 9.03).                                                                                                                                                                                                                                         |
| SHLAA 2012                                      | This site was assessed in the SHLAA 2012 (site number 9.03).                                                                                                                                                                                                                                               |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon. Option 31 in this document assessed the potential for a wider policy option for the North West area to reflect existing urban extensions and allocations. |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of this site (site number 9.03).                                                                                                                                                                                                                       |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 noted that for this site outline consent was already in place (site number M10). See Other Sites Considered within the document.                                                              |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 noted that for this site outline consent was already in place (site number M10). See Appendix 1: Other Sites Considered.                                                                                                                              |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that this site was an existing Local Plan 2006 housing allocation to be carried forward (site number R25).                                                                                                  |
| Cambridge Local Plan 2014 - submission          | This site is allocated for residential development in the submission plan as site number R43.                                                                                                                                                                                                              |

**Note:** the site number changed from M10 and R25 in the Issues and Options 2 Technical Document Part 2 and the Technical Background Document Part 2 Supplement, respectively, to R43 in the proposed submission plan to avoid duplicating site numbers elsewhere in these documents.

**Site: Betjeman House: R44**

|-------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                       | This site was allocated in the Local Plan 2006 (site number 7.02).                                                                                                                                                                                    |
| SHLAA 2012                                      | This site was assessed in the SHLAA 2012 (site number 7.02).                                                                                                                                                                                          |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon. Option 39 in this document assessed the potential for a wider policy option for the Hills Road area. |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of this site (site number 7.02).                                                                                                                                                                  |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 noted this site was already under construction (site number M12). See Other Sites Considered within the document.                        |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 noted this site was already under construction (site number M12). See Appendix 1: Other Sites Considered.                                                                                        |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that this site was an existing Local Plan 2006 mixed use allocation to be carried forward as a housing allocation (site number R26).                   |
| Cambridge Local Plan 2014 - submission          | This site is allocated for residential development in the submission plan as site number R44.                                                                                                                                                         |

**Note:** the site number changed from M12 and R26 in the Issues and Options 2 Technical Document Part 2 and the Technical Background Document Part 2 Supplement, respectively, to R44 in the proposed submission plan to avoid duplicating site numbers elsewhere in these documents.

|-------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                       | This site was part of a larger site allocated in the Cambridge East Area Action Plan (site number CE/3).                                                                                                                                                                                                                                                                                       |
| SHLAA 2012                                      | This site was assessed in the SHLAA 2012 (site number 9.16).                                                                                                                                                                                                                                                                                                                                   |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon. The Issues and Options consultation in summer 2012 looked at the principle of how the proposed extension at Cambridge East (of which this site formed a part) should be dealt with (Options 34-36). Individual sites were not consulted upon. |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of this site (site number 9.16).                                                                                                                                                                                                                                                                                                           |
| Technical Document Part 2                       | The Issues and Options 2 Technical Document Part 2 did not assess this site.                                                                                                                                                                                                                                                                                                                   |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 did not assess this site.                                                                                                                                                                                                                                                                                                                 |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that this was an existing Local Plan allocation that would be carried forward (site number R27).                                                                                                                                                                                                |
| Cambridge Local Plan 2014 - submission          | This site is allocated as a buffer zone for residential development in the submission plan as site number R45.                                                                                                                                                                                                                                                                                 |

**Note:** the site number changed from R27 in the Technical Background Document Part 2 Supplement to R45 in the proposed submission plan to avoid duplicating site numbers elsewhere in these documents.

**Site: 379-381 Milton Road: M1**

| <b>Document / Stage</b>                         | <b>Information</b>                                                                                                                                                                                                                                                                         |

| Cambridge Local Plan 2006                       | This site was allocated in the Local Plan 2006 (site number 5.04).                                                                                                                                                                                                                         |
| SHLAA 2012                                      | This site was assessed in the SHLAA 2012 (site number 5.04).                                                                                                                                                                                                                               |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon.                                                                                                                                           |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of this site (site number 5.04).                                                                                                                                                                                                       |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 assessed this site for mixed use (site number M1). Site M1 was formerly known as site 5.04.                                                                                   |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 consulted on this site for mixed use (site number M1).                                                                                                                                                                                |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that since Issues and Options 2, the potential residential capacity has been increased and the land available for employment reduced to reflect achievable site densities (site number M1). |
| Cambridge Local Plan 2014 - submission          | This site is allocated for mixed-use development in the submission plan.                                                                                                                                                                                                                   |

| <b>Document / Stage</b>                         | <b>Information</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
|-------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                       | This site was not allocated in the Local Plan 2006.                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |
| SHLAA 2012                                      | A smaller site was assessed in the SHLAA 2012 (site number 913). Site 854 Railway sidings west of Rustat Road was also considered by the SHLAA 2012 and was assessed as unsuitable for residential development.                                                                                                                                                                                                                                                                                                        |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon. Option 39 in this document assessed the potential for a wider policy option for the Hills Road area.                                                                                                                                                                                                                                                                  |
| SHLAA 2013                                      | The SHLAA 2013 assessed a smaller site than eventually allocated (though larger than the site looked at in the SHLAA 2012) site (site number 913). Site 913 in the SHLAA 2013 includes the Royal Mail depot, the Pickford's depot and Rustat House. Site 854 Railway sidings west of Rustat Road was also considered by the SHLAA 2013 and was assessed as unsuitable for residential development.                                                                                                                     |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 assessed a smaller site for mixed use (site number M2) which was the same as the site 913 assessed in the SHLAA 2013. To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 noted that for part of this site there was no viable access (site number E6, which was previously known as site 854) - See Other Sites Considered within the document. |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 consulted on a smaller version of this site for mixed use (site number M2). The Issues and Options 2 consultation in Winter 2013 noted that for part of this site there was no viable access (site number E6 - See Appendix 1: Other Sites Considered. Site E6 was previously known as site 854).                                                                                                                                                                 |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that there were changes to this site since Issues and Options 2, an increase to the site area and an increase to the amount of development on the site; this change precipitated the new assessment of the final site boundary (site number M2). The allocated M2 site includes SHLAA 2013 site 913 and SHLAA 2013 site 854.                                                                                            |
| Cambridge Local Plan 2014 - submission          | This site is allocated for mixed-use development in the submission plan.                                                                                                                                                                                                                                                                                                                                                                                                                                               |

| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon.                                                                                                                            |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of this site (site number 443).                                                                                                                                                                                         |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 assessed this site for residential use (site number R6).                                                                                                       |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 consulted on this site for residential use (site number R6).                                                                                                                                                           |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that there were changes to the proposed use of this site since Issues and Options 2, with it now being proposed for mixed use rather than residential only (site number R6). |
| Cambridge Local Plan 2014 - submission          | This site is allocated for mixed-use development in the submission plan.                                                                                                                                                                                                    |

**Site: 315-349 Mill Road and Brookfields: R21**

| <b>Document / Stage</b>                         | <b>Information</b>                                                                                                                                                                                                                                                                                                                                                  |
|-------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                       | This site was not allocated in the Local Plan 2006.                                                                                                                                                                                                                                                                                                                 |
| SHLAA 2012                                      | Parts of this site were looked at in the SHLAA 2012 (site numbers 7.12 and 637).                                                                                                                                                                                                                                                                                    |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon. Option 37 in this document assessed the potential for a wider policy option for the Mill Road area.                                                                                                                |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of parts of this site (site numbers 7.12 and 637).                                                                                                                                                                                                                                                              |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 assessed a smaller version of this site for residential use (site number R21).                                                                                                                                                                         |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 consulted on a smaller site for residential use (site number R21). This site at 315 - 349 Mill Road was 0.6ha in size and abutted the Brookfields Hospital site.                                                                                                                                               |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that there were changes to this site since Issues and Options 2, with it now being proposed for mixed use on an expanded site (site number R21). This change to include the Brookfields Hospital site (total site size: 2.87ha) required a reassessment of the site. |
| Cambridge Local Plan 2014 - submission          | This site is allocated for mixed-use development in the submission plan.                                                                                                                                                                                                                                                                                            |

| Document / Stage                                | Information                                                                                                                                                                                                                                                                                                                                                  |
|-------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                       | This site was allocated in the Local Plan 2006 (site number 7.06).                                                                                                                                                                                                                                                                                           |
| SHLAA 2012                                      | This site was assessed in the SHLAA 2012 (site number 7.06).                                                                                                                                                                                                                                                                                                 |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon. Option 31 in this document assessed the potential for a wider policy option for the North West area. Option 32 in this document assessed the potential for intensification of employment uses on this site. |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of this site (site number 7.06).                                                                                                                                                                                                                                                                         |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 noted that for this site an option looking at the intensification of uses on this site was consulted upon at Issues and Options consultation. See Other Sites Considered within the document.                                                   |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 noted that for this site an option looking at the intensification of uses on this site was consulted upon at Issues and Options consultation. See Appendix 1: Other Sites Considered.                                                                                                                   |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that this site was an existing Local Plan 2006 allocation to be carried forward (site number M7 formerly known as site 7.06).                                                                                                                                 |
| Cambridge Local Plan 2014 - submission          | This site is allocated for mixed use development in the submission plan as site M13.                                                                                                                                                                                                                                                                         |

**Note:** the site number changed from M7 in the Technical Background Document Part 2 Supplement, to M13 in the proposed submission plan to avoid duplicating site numbers elsewhere in these documents.

**Site: Station Road West: M14**

| <b>Document / Stage</b>                         | <b>Information</b>                                                                                                                                                                                                                                                                         |
|-------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                       | This site was allocated in the Local Plan 2006 (site number 9.10).                                                                                                                                                                                                                         |
| SHLAA 2012                                      | This site was assessed in the SHLAA 2012 (site number 9.10).                                                                                                                                                                                                                               |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon. Option 39 in this document assessed the potential for a wider policy option for the Hills Road area. Option 28 assessed the station area. |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of this site (site number 9.10).                                                                                                                                                                                                       |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 noted this site was an existing site with planning permission and an option was consulted upon at Issues and Options consultation.                                            |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 noted this site was an existing site with planning permission and an option was consulted upon at Issues and Options consultation.                                                                                                    |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that this site was an existing Local Plan 2006 mixed use allocation to be carried forward (site number M9 formerly known as site 9.10).                                                     |
| Cambridge Local Plan 2014 - submission          | This site is allocated for mixed use development in the submission plan as site M14.                                                                                                                                                                                                       |

**Note:** the site number changed from M9 in the Technical Background Document Part 2 Supplement, to M14 in the proposed submission plan to avoid duplicating site numbers elsewhere in these documents.

**Site: Cambridge Biomedical Campus, including Addenbrooke's Hospital: M15**

|-------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                       | This site was allocated in the Local Plan 2006 (site numbers 9.02 and 9.09).                                                                                                                                                                                                                                                                                                                                 |
| SHLAA 2012                                      | This site was assessed in the SHLAA 2012 (site number 9.02).                                                                                                                                                                                                                                                                                                                                                 |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon. Option 29 in this document assessed the potential for a wider policy option for the Southern Fringe area. Option 30 looked at the Addenbrooke's site)                                                                                                       |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of this site (site number 9.02).                                                                                                                                                                                                                                                                                                                         |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 noted that for part of this site outline consent was already in place (site number M10). The Issues and Options 2 Technical Document Part 2 also noted that the Addenbrooke's Hospital site was consulted upon in Option 30 of the Issues and Options consultation. See other sites considered. |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 noted that for part of this site outline consent was already in place (site number M10). The Issues and Options 2 Technical consultation also noted that the Addenbrooke's Hospital site was consulted upon in Option 30 of the Issues and Options consultation. See Appendix 1: other sites considered                                                 |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that this site was an existing Local Plan 2006 mixed use allocation to be carried forward (site number M10 formerly known as 9.02 and 9.09).                                                                                                                                                                  |
| Cambridge Local Plan 2014 - submission          | This site is allocated for mixed use development in the submission plan as site M15.                                                                                                                                                                                                                                                                                                                         |

Note: the site number changed from M10 in the Issues and Options 2 Technical Document Part 2 and the Technical Background Document Part 2 Supplement, respectively, to M15 in the proposed submission plan to avoid duplicating site numbers elsewhere in these documents.

| <b>Document / Stage</b>                         | <b>Information</b>                                                                                                                                                                                                                                      |
|-------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                       | This site was partly allocated in the Local Plan 2006 (site number 7.10).                                                                                                                                                                               |
| SHLAA 2012                                      | This site was partly assessed in the SHLAA 2012 (site number 7.10).                                                                                                                                                                                     |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon.                                                                                                        |
| SHLAA 2013                                      | The 2013 update of the SHLAA included a partial assessment of this site (site number 7.10).                                                                                                                                                             |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 assessed this site for university uses (site number U1). Site U1 was formerly known partially as site 7.10.                                |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 consulted on a larger site for university uses (site number U1). This site runs from Silver Street to Little St Mary's Lane, rather than site 7.10 which only ran from Silver Street to Mill Lane. |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that there were no changes to this site after Issues and Options 2 consultation (site number U1).                                                        |
| Cambridge Local Plan 2014 - submission          | This site is allocated for mixed-use development in the submission plan.                                                                                                                                                                                |

| <b>Document / Stage</b>                         | <b>Information</b>                                                                                                                                                    |
|-------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                       | This site was allocated in the Local Plan 2006 (site number 7.08).                                                                                                    |
| SHLAA 2012                                      | This site was assessed in the SHLAA 2012 (site number 7.08).                                                                                                          |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon.                      |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of this site (site number 7.08).                                                                                  |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 assessed this site for university uses (site number U2). |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 consulted on this site for university uses (site number U2).                                                     |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that there were no changes to this site (site number U2).              |
| Cambridge Local Plan 2014 - submission          | This site is allocated for university-related development in the submission plan.                                                                                     |

**Site: Grange Farm off Wilberforce Road: U3**

| <b>Document / Stage</b>                         | <b>Information</b>                                                                                                                                                                                                                                                          |
|-------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                       | This site was allocated in the Local Plan 2006 (site number 7.09).                                                                                                                                                                                                          |
| SHLAA 2012                                      | This site was assessed in the SHLAA 2012 (site number 7.09).                                                                                                                                                                                                                |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon.                                                                                                                            |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of this site (site number 7.09).                                                                                                                                                                                        |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 noted that this site had surface water issues, no suitable access and insufficient highway capacity (site number U3). Site U3 was formerly known as site 7.09. |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 consulted on this site as a rejected site (site number U3). See Appendix 1: Other Sites Considered.                                                                                                                    |
| Technical Background Document Part 2 Supplement | Following Issues and Options 2 consultation, the council considered the representations made in relation to this site. Representations included information on flood risk and highway access which allayed the council's concerns.                                          |
| Cambridge Local Plan 2014 - submission          | This site is allocated for student accommodation development in the submission plan.                                                                                                                                                                                        |

**Site: Fen Road: RM1**

| <b>Document / Stage</b>                         | <b>Information</b>                                                                                                                                                                                                          |
|-------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                       | This site was allocated in the Local Plan 2006 (site number 3.01) for the purpose of mooring development.                                                                                                                   |
| SHLAA 2012                                      | The SHLAA 2012 did not assess this site.                                                                                                                                                                                    |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon.                                                                            |
| SHLAA 2013                                      | The SHLAA 2013 did not assess this site.                                                                                                                                                                                    |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 assessed this site for use as residential moorings (site number RM1). Site RM1 was formerly known as Site 3.01 |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2 consultation in Winter 2013 consulted on this site for use as residential moorings (site number RM1).                                                                                              |
| Technical Background Document Part 2 Supplement | The audit of changes included in the Technical Background Document Part 2 Supplement indicated that there were no changes to this site since Issues and Options 2 (site number RM1).                                        |
| Cambridge Local Plan 2014 - submission          | This site is allocated for moorings development in the submission plan.                                                                                                                                                     |

**Note:** there is a site adjacent to this one in South Cambridgeshire District Council's administrative area that is necessary for the delivery of site RM1 in Cambridge City Council's administrative area. Policy H/6 in the proposed submission South Cambridgeshire Local Plan allocates this site for residential moorings.

## **SECTION 3: SITES NOT PROPOSED FOR ALLOCATION IN THE CAMBRIDGE LOCAL PLAN 2014**

**Site: Land North of Barton Road: 921**

| <b>Document / Stage</b>                       | <b>Information</b>                                                                                                                                                                                                                                                                       |
|-----------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                     | This site was not allocated in the Local Plan 2006. This site lies within the Cambridge Green Belt.                                                                                                                                                                                      |
| SHLAA 2012                                    | This site was not assessed in the SHLAA 2012 as sites within the Cambridge Green Belt were not considered at that time.                                                                                                                                                                  |
| Issues and Options Consultation – Summer 2012 | The approach taken in Issues and Options consultation was to consider broad locations for development. This site was part of Broad Location 1 (Option 10).                                                                                                                               |
| SHLAA 2013                                    | The 2013 update of the SHLAA included an assessment of this site (site number 921). The SHLAA 2013 assessed sites within the Cambridge Green Belt, following the consideration of Broad Locations within the Green Belt as a part of the Issues and Options consultation in Summer 2012. |
| Technical Document Part 1                     | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 1 assessed this site for predominantly residential use and other mixed uses (site number CC921).                                                                              |
| Issues & Options 2 Consultation - Winter 2013 | The Issues and Options 2: Part 1 consultation in Winter 2013 consulted on this site as a rejected site (site number CC921). See Appendix 4 of Issues and Options 2: Part 1 report.                                                                                                       |
| Cambridge Local Plan 2014 - submission        | This site is not allocated in the submission plan.                                                                                                                                                                                                                                       |

**Site: Grange Farm: CC916**

|-------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                       | This site was not allocated in the Local Plan 2006.                                                                                                                                                                                                    |
| SHLAA 2012                                      | This site was assessed in the SHLAA 2012 (site number 755).                                                                                                                                                                                            |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon.                                                                                                       |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of this site (site number 755).                                                                                                                                                                    |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 noted that the site to the north had been redeveloped for residential use and could provide access to 78 and 80 Fulbourn Road (Site R13). |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2: Part 2 consultation in Winter 2013 consulted on this as site R13.                                                                                                                                                            |
| Technical Background Document Part 2 Supplement | The Technical Background Document Part 2 Supplement stated that the area of the remaining developable site was actually under 0.5 hectares and the site was therefore too small for allocation.                                                        |
| Cambridge Local Plan 2014 - submission          | This site is not allocated in the submission plan.                                                                                                                                                                                                     |

| SHLAA 2012                                      | This site was assessed in the SHLAA 2012 (site number 892).                                                                                                                           |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon.                                      |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of this site (site number 892).                                                                                                   |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 noted that the site could provide for residential use (site number R19). |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2: Part 2 consultation in Winter 2013 consulted on this as site R19.                                                                                           |
| Technical Background Document Part 2 Supplement | The Technical Background Document Part 2 Supplement stated that the area of the developable site was actually under 0.5 hectares and the site was therefore too small for allocation. |
| Cambridge Local Plan 2014 - submission          | This site is not allocated in the submission plan.                                                                                                                                    |

|-------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Cambridge Local Plan 2006                       | This site was not allocated in the Local Plan 2006.                                                                                                                                                                                          |
| SHLAA 2012                                      | The site was assessed in the SHLAA 2012 (site number 105).                                                                                                                                                                                   |
| Issues and Options Consultation – Summer 2012   | The approach taken in Issues and Options consultation was to consider broad locations for development. Individual sites were not consulted upon.                                                                                             |
| SHLAA 2013                                      | The 2013 update of the SHLAA included an assessment of this site (site number 105).                                                                                                                                                          |
| Technical Document Part 2                       | To inform the Issues and Options 2 consultation on sites, the Issues and Options 2 Technical Document Part 2 noted that the site was being promoted for residential development, subject to the relocation of the stadium (site number R20). |
| Issues & Options 2 Consultation - Winter 2013   | The Issues and Options 2: Part 2 consultation in Winter 2013 consulted on this as site R20.                                                                                                                                                  |
| Technical Background Document Part 2 Supplement | The Technical Background Document Part 2 Supplement stated that no alternative location had been found for the stadium and the residential allocation could therefore not go forward (Site Number R20).                                      |
| Cambridge Local Plan 2014 - submission          | This site is not allocated in the submission plan.                                                                                                                                                                                           |
