

Mill Road Depot Planning and Development Brief Supplementary Planning Document (SPD)

A staffed exhibition will take place at the The Old School Hall, St. Barnabas Church, Mill Road, Cambridge, CB1 2BD from 12-9pm on Tuesday 21st June 2016

MILL ROAD DEPOT PLANNING AND DEVELOPMENT BRIEF SUPPLEMENTARY PLANNING DOCUMENT (SPD)
DRAFT, 23 FEBRUARY 2016

Alles and Morrison
March 2016

CAMBRIDGE CITY COUNCIL

Mill Road Depot is the main site for many of Cambridge City Council's services, including waste disposal, maintenance and storage and a garage servicing centre for its vehicles. It also incorporates Council office space, commercial lettings, two community facilities and leased garages. The Council's decision in October 2014 to relocate the Depot to Waterbeach, following the creation of a single shared waste facility with South Cambridgeshire District Council, has freed up the site for redevelopment. The Council has already reduced the activities carried out on site and plans to vacate the site and buildings in the near future.

Cambridge City Council has been working with Allies and Morrison architects to prepare a Planning and Development Brief to help guide the re-development of the site for housing. The Brief outlines

- The aspirations of the site;
- The site's key issues, constraints and opportunities;
- Vision and development principles; and
- Parameters for change.

The draft brief has been prepared to support the delivery of the entire site which is allocated under reference R10 in the Cambridge Local Plan 2014: Proposed Submission and will be adopted as a Supplementary Planning Document (SPD).

A public exhibition will take place at:

**The Old School Hall
St. Barnabas Church
Mill Road
Cambridge
CB1 2BD**

**from 12-9pm on
Tuesday 21st June 2016**

You can also view a copy of the draft Brief and make comments via the Council's website: www.cambridge.gov.uk/mill-road-depot-spd. The exhibition posters together with the SPD and comment forms are available between 9am and 5pm at the City Council's Customer Service Centre located at Mandela House on Regent Street. The consultation has now been extended to Friday 22nd July 2016.
