

# South Cambridgeshire Local Plan

## Cambridge Local Plan

### Issues and Options 2 Consultation

## Part 1 - Joint consultation on Development Strategy and Site Options on the Edge of Cambridge

- Both South Cambridgeshire District and Cambridge City Councils are preparing new Local Plans for the period to 2031. Because of the close relationship between the two areas we are working together to make sure we jointly tackle the issues that affect us both.
- This part of the consultation asks your views on the best way to plan new development in the area and six site options for possible employment and housing development in the Green Belt on the edge of Cambridge.
- We also ask whether a community stadium should be provided, and if so, where is the best place for it to be built.

### Development Strategy for Cambridge and South Cambridgeshire

- We must consider the Green Belt boundaries as building close to Cambridge means people will not need to travel as far for work, shopping and leisure. There are also more opportunities for journeys to be made by bike, on foot and by bus this is a key aspect of “sustainable development”.
